The *California Public School Directory* (PSD), continually updated

by the California Department of Education, is the most accurate source of contact information available for each public school, school district, and county office of education in California. For years, organizations and businesses have relied upon the directory, currently in its 75th year of publication, to reach the education community.

Now the *California Public School Directory* is available electronically, making it possible for you to *create custom mailing labels* when you have a message to deliver. These valuable CD-ROM products provide easy access to the best source of contact information available for the California education community.

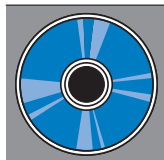

CDE Press offers three valuable CD-ROM products:
